It's funny how the tables turn turn turn turn

[Missy]

so upset

This that hot new

Uh huh

Yeah

New Monica

[Monica]

Its funny how the tables turn now it's you running after me

Didnt wanna spent quality time, didnt think I would ever leave

You got way to comfortable, now you say you want me in your life

Cuz I picked up all my shit and im moving in my new place tonight

So dont you come

Knock Knock Knock

Stop knocking dont come knocking at my door

Ring Ring Ring

Let the phone stop I dont want you calling me no more

Boy its a dangours game to try and play a chick like me

Wanna go out and do your thang I will be out for ya count to three

So do just what you want, anytime that you really like

I put a payment on my place, you be sleeping alone tonight

So dont you come knocking

Knock Knock Knock

Stop knocking dont come knocking at my door

Ring Ring Ring

Let the phone stop I dont want you calling me no more

[Monica Rap]

I used to be so gone

You were some one I could lean on

My life support system
And I thought I couldn't breathe ah ah
When you used to leave yep yep
I see you put yo clean on
Big chains gold teeth and yo gleam on
All night wanna be gone
Wanna tell me stay home like I got a ah ring on
Now you say im not your wife right right
So why should I be chillin goodnight goodnight
Now pack up my things for a flight
I got a place and fixed up nice
So dont come knocking at my door
I got company comin around four
So wo wo

I dont want you calling me no more
Knock Knock Knock
Stop knocking dont come knocking at my door
Ring Ring Ring
Let the phone stop I dont want you calling me no more

Changed my locks
Took my things
Cant come in
Changed my locks
Took my things
Cant come in
I dont want you calling me no more

[Monica:] Hey this Monica leave a number after the
beep
[Missy:] Aye yo Mo pick up the phone man, this old
raggedy cellular phone sound like an old alarm clock
old switch board line
phone. Do you even have call waiting on this joint. Call
me back ya late for the studio, this Miss.
