You said you'd take me to the jay-z concert last night

I got a new outfit, I was ready to go babe

But you never came to pick me up

Where were u, where were u last night

We gonna do this real serious baby, ride to it,

aaaaaaaaannndd lets go

so seriously, so serious, so seriously, so serious

If I didn't have a deal worth a couple mil

Would you still love me

And if I didn't have a whip

Rock the latest kicks, would you still love me

And If I wasn't who I was would that b enuff for you to still love me

And if I didn't wanna sing would you still love me

I gotta know what I feel is real

So let me know before we can seal the deal

Cuz if you love me like you say you do

Then in my mind its baby me and you

I gotta know(gotta know) what we feel is real

And if it is then we can seal the deal

But first, you gotta let me know, you gotta let me know

(So seriously, so serious, so seriously, so serious)

When I give my love I give it all (?)

So it's important that I know you feel the same way too

We can't b on two separate pages boy you know

That's why I'm saying that ya gotta let me know

gotta know what I feel is real

So let me know before we can seal the deal

Cuz if you love me like you say you do

Then in my mind its baby me and you

I gotta know(gotta know) what we feel is real

And if it is then we can seal the deal
But first, you gotta let me know, you gotta let me know

Simply took away all the fame and the fortune
Would you still be number one would u still stay
number one
And if (? ? ?) is that you remain the same
Would you still be number one would you still stay
number one

Sometimes I sit back and say damn
How many times I gotta go on a date
And still cant find the right man
Aint nothing wrong with every kind man
If you in the man fit
Like a mic and a mic stand
Would you still love me
Pick a chick over me
Tryna leave me like a rapper with no hype man
That's frighten scary like lighten
That's not a sighting if you leave me for she
If you leave me for she then we got a beef
And I got a piece that'll knock you to your feet

I gotta know what I feel is real
So let me know before we can seal the deal
Cuz if you love me like you say you do
Then in my mind its baby me and you

I gotta know(gotta know) what we feel is real
And if it is then we can seal the deal
But first, you gotta let me know, you gotta let me know
