Verse 1

Must not have been paying attention
I stepped right on it didn't even notice how deep i was
I went from the ground to the top of the cloud
And now as i look down i see where i fell into your arms

Chorus

Now i got Love all over me
Baby you touch Every part of me
Ooh
I got Love all over me
And i don't want to get it off
I'm completely covered up in your love

Verse 2

Even my skin is changing
I'm feeling warmer no more icy blue hearts for me
You put the color back in my life
And now where there was black and white
Ooh love made me iridescent.

Chorus

Now i got Love all over me

Baby you touch Every part of me
Ooh
I got Love all over me
And i don't want to get it off
I'm completely covered up in your love

Bridge

Before your love baby i was muddy
Filthy with pain till you took it from me
You showered me with a new beginning
Now i'm clean
Took me by surprise when you ran up on me
I came to life baby in that moment
You put your hands on my heart and baby
now it beats

Chorus

Now i got Love all over me

Baby you touch Every part of me
Ooh Ooh
I got Love all over me
And i don't want to get it off
I'm completely covered up in your love
