its just one them days,
when i wanna be all alone,
its just one them days,
when i gotta be all alone,
its just one them days,
dont take it personal,
i just wanna be all alone,
and you think i treat you wrong,

i wanna take some time out to think things through,
i know it always feels like im doing you wrong,
but im so in love with you,
so understand that im only in love,
your the only one i need,
so have no thought that i want to leave,
and baby trust me please,

just one them days,
that a girl goes through,
when a memory inside,
dont wanna take it out on you,

just one them things,
dont take it personal,
i just wanna be all alone,
and you think i treat you wrong,

dont take it personal,
baby, baby, baby, baby, baby,
dont take it personal,

i sit and think about everything we do,
and i find myself in misery,
and that aint cool,
(hey now)
i really wanna be with you the whole way through,
but the way you make me feel inside leaves me
confused,
as i swing back,
move to crude,
its not because of you,

i never want you to be insecure,
so wont you understand,
that im only in love,
your the only one i need,
i'll be there for you when you need me boy,
so baby dont you leave,

just one of them days,
that a girl goes through,
when a memory inside,
dont wanna take it out on you,

just one of them things,
dont take it personal,
i just wanna be all alone,
and you think i treat you wrong,

just one of them days,
that a girl goes through,
when a memory inside,
i dont wanna take it out on you,

just one of them things,
dont take it personal,
i just wanna be all alone,
and you think i treat you wrong,

dont take it personal,
baby, baby, baby, baby, baby,
dont take it personal,

dont take it personal (just one of them days),
yeah,
dont take it personal,

just one of them days,
a girl goes through,
when a memory inside,
dont wanna take it out on you,

just one of them things,
dont take it personal,
i just wanna be all alone,
and you think i treat you wrong,

dont take it
(just one of them days)personal baby,
personal baby,
(when a memory inside) personal baby,
personal baby,
(just one of them things) personal baby,

personal baby,
(i just wanna be all alone and you think i treat you
wrong) personal baby,
personal baby,

just one of them days,

just one of them days
