Baby, understand everything  
There's no one else in my life  
Maybe I can make you happy, baby  
If I spend some time with you

Tell me baby, baby not to change  
I'm still in love with you  
Don't be afraid, let me hold your heart  
Control everything you do

Baby, you know that I wouldn't do  
Couldn't do anything to hurt you  
But if you feel weak, don't you worry  
'Cause I never can say goodbye

Baby, you know that I couldn't do  
Wouldn't live my life without you  
But if you feel weak, don't you worry  
'Cause I never can say goodbye

Ohh, baby, if it's okay with you  
I'll do all that I can do  
To make this thing unbreakable  
And if you need me to

I'll swim through the stars till I touch the moon  
Do anything baby just to get to you  
Won't be afraid to let you hold my heart  
Control everything I do

Baby, you know that I wouldn't do  
Couldn't do anything to hurt you  
But if you feel weak, don't you worry  
'Cause I never can say goodbye

Baby, you know that I couldn't do  
Wouldn't live my life without you  
But if you feel weak, don't you worry  
'Cause I never can say goodbye

Baby, if it's okay with you if it's okay  
I'll do anything that I can do, ooh

No one else can do it like you, oh yeah  
I'll give my love and vow to you

I'll will never leave you, that is true  
I'm a good woman, let me prove to you  
(Let me prove it to you)  
If you feel weak, boy don't you worry  
'Cause I can never say goodbye

Baby, you know that I wouldn't do  
Couldn't do anything to hurt you  
But if you feel weak, don't you worry  
'Cause I never can say goodbye

Baby, you know that I couldn't do  
Wouldn't live my life without you  
But if you feel weak, don't you worry  
'Cause I never can say goodbye

Baby, you know that I couldn't do  
Wouldn't live my life without you  
But if you feel weak, don't you worry  
'Cause I never can say goodbye
