When I hear the children of today  
They're questioning me the way  
The way that they should live  
I often wonder  
Wonder what to do  
To help them make it through  
And the world's going straight

Open my heart to see  
That is time with me  
Searchin' for the answers to these problems  
I'm always facing things that are tryin' me  
Testing all the things that I believe

Sometimes I feel so down  
And no one here's around  
But you, you never left me lonely  
And now I see what a true friend means  
And I trust that you would always be here for me  
Lord I give you all

Open my heart to see  
That is time with me  
Searchin' for the answers to these problems  
I'm always facing things that are tryin' me  
Testing all the things that I believe

Now I'm here before you  
So tell me what to do  
(Guess I'll do open my heart)  
My heart to you  
Here I am  
Searching for all the answers to my problems  
Lord I'm facing things  
Can you help me  
You're trying all that I need  
The things I believe  
Lord, no no no no  
Here I am  
Here I am  
I'm searching for searching for it  
Lord I need, need, need

That's tryin' me  
Testing all the things that I believe  
Here I am  
Lagging all the understand single things I can't see  
I am your child  
Ooh oh oh  
That're tryin' me  
Can't you help me  
I'm lagging understanding  
I'm your child no matter what they say  
I'm with you every day  
Protect me every day  
Protect me oh oh..
