### VERSE 1

I didn't ask to go with you to Mexico,  
I really didn't need the shopping sprees in L.A. on  
Melrose,  
boy if you didn't know it , well now you know.  
I didn't need the furs or the jewelry,  
because material things they don't mean much to me  
And ever since you been gone,  
I've been holdin us down on my own, and oh I never

### HOOK

I never ever cheated  
I never ever lied  
so you can stop asking, asking me why,  
Why I never left you?  
and Why I kept it real?  
and why I'm still with you?

### CHORUS

You should've known betta then to think I would leave,  
you should've known betta then to doubt me,  
It don't matter if you're up matter if you're down  
either way I'm gonna be around,  
You should've known that I would stay by your side,  
You should've known your girl was gonna ride or die,  
and it just don't matter if your rich or poor  
out or in doing 5 to 10 You should've known betta

### VERSE 2

What makes you think that I would forget about ya  
think about it, Who comes to see ya?  
Every Saturday and Monday I was on that receiver,  
oh oh oh its me your girl, your life, your world,  
my family and friends they just don't understand  
they say I should leave you alone,  
but I say that they all should just leave us alone,  
don't you get it it it

### HOOK

I never ever cheated  
I never ever lied  
so you can stop asking, asking me why,  
Why I never left you?  
and Why I kept it real?  
and why I'm still with you?

#### CHORUS

You should've known betta then to think I would leave,  
you should've known betta then to doubt me,  
It don't matter if you're up matter if you're down  
either way I'm gonna be around,  
You should've known that I would stay by your side,  
You should've known your girl was gonna ride or die,  
and it just don't matter if your rich or poor  
out or in doing 5 to 10 You should've known betta

#### BRIDGE

You should've known I would stay by your side,  
And when yo whole crew said ride or die.  
See I'm the only who lived it, the only one who with it,  
the only with you goin through it,  
The bills will stayed paid  
The baby's okay and when you get back home we gone  
be straight  
If I didn't leave you then I aint gone leave you now,  
That's what love's about  
You should known betta.
