so gone over you  
yea  
new monica

silly of me  
devoted so much time  
to find unfaithful boy  
i nearly losty my mind  
drive past your house every night  
in an unmarked car  
wonderin what she had on me  
to make ya break my heart

you make me feel  
im so gone  
so real  
you make me feel  
oh and i love and i love ya baby  
so real

night's a couldn't sleep  
you let the sun beat you home  
i ask myself over again,  
what am i doing wrong?  
to make you stay out all night  
and not think to call  
what does she have over me?  
to make ya not think to call home?

you make me feel  
im so gone  
so real  
you make me feel  
oh and i love and i love ya baby  
so real

listen boy  
im the rowdy chick  
sometimes i have to fight cuz my mouth too slick  
baby why you doin me like i aint worth shit?  
make me wanna ride past your house

and sit  
kick down your doors and smack your chick  
just to show you monica not havin it  
so in love with you like a drug addict  
[so real] you treat me so unreal

what she do,  
i do better  
what she do to make u lover?  
what she do?  
baby please tell me. stay together  
what she do,  
i do better  
what she do to make u lover?  
is real?  
or neva  
baby please help us together

oh and i love and i love ya baby  
x6  
just to show you monica not havin it

you make me feel  
im so gone  
so real  
you make me feel  
oh and i love and i love ya baby  
so real
