Mama always told me  
Baby, you gotta walk by faith  
And not by sight  
Real talk, you gotta listen  
Oh, oh, oh, oh, oh, oh, ooh, yeah

Oh, listen to me now, I'm gonna say it loud  
So you won't be confused 'bout what we talkin' 'bout  
I been through the storm, had dirt on my name  
I'm still holding on, champion of the game  
(They said)

Whatever, don't kill, you make you stronger  
Well, I must be the world's strongest woman  
See I done, done a whole lotta growin'  
Everything you say, I'm already knowin'  
'Cause I

I been up against ropes  
Everything you're going through  
I been there before, seen them all come  
And I seen them all go

You can bet your last that  
My head won't hit the floor, never  
And I'm still standing, standing, standing, standing  
I'm still standing, standing, standing, standing

I had a lover take his own in front of me  
I asked God, why is this happening to me?  
But I didn't fold, I held my own  
And now I'm deep in love with who I belong  
(This is my life)

They say with age comes wisdom  
And the white flag, I can't give 'em  
Tryin' to tell you how it's s'posed to be  
See, this is more than just a song to me  
'Cause I

I been up against ropes  
Everything you're going through

I been there before, seen them all come  
And I seen them all go

You can bet your last that  
My head won't hit the floor, never  
And I'm still standing, standing, standing, standing  
I'm still standing, standing, standing, standing

I'm unbreakable, baby  
Luda, yeah, it's a family affair  
I may have done the things they say I did  
But I'm not who they say I am

Try to throw my name in the dirt  
But I really don't give a damn  
I'm still standing like the statue of liberty  
And I put my name in the history books  
So you'll forever remember me

Remember me as the toughest warrior  
Or the ultimate fighter  
'Cause I'm the truth and nothing but  
It's like my hands on the bible  
And it's the survival of the fittest

The realest, it's not a facade  
Still standing on my two feet  
'Cause I'm a child of God  
Do something

I been up against ropes  
Everything you're going through  
I been there before, seen them all come  
And I seen them all go

You can bet your last that  
My head won't hit the floor, never  
And I'm still standing, standing, standing, standing  
I'm still standing, standing, standing, standing

I been up against ropes  
Everything you're going through  
I been there before, seen them all come  
And I seen them all go

You can bet your last that  
My head won't hit the floor, never  
And I'm still standing, standing, standing, standing  
I'm still standing, standing, standing, standing

I'm not gonna give up, never

Come too far to look back, oh  
Oh, ohh, I been there before  
I've seen it, I've seen it, I've done it  
I've done it, I'm done, let me live my life now

I let it go, I let God, I let it go, and I let God  
Don't hate me now  
I ain't who I used to be no more

I'm still standing, I'm still standing  
I'm still standing, oh, I'm still standing  
I'm still standing, you can't take this joy away
