ohhh

lalalalala

i didnt ask to go with you to mexica
I really didnt need the shopping spree
And L.A. or melrose
Boy if you didnt know it
well now you know
I didnt need the furs or the jewelry
because material things dont mean much to me
and ever since youve been gone
ive been holding us down on my own

Ive never ever cheated
Ive never ever lied
so you can stop asking
asking me why
why i never left you
and why i kept it real
and why im still with you

you shouldve known better
then to think i would leave
you shouldve known better
then to doubt me
it dont matter if your up
matter if your down
either way im gunna be around

shoulve known better
i would stay by your side
shouldve known your girl
was gunna ride the tide
dont matter if your
rich or poor
out r in
doin 5 or 10
you shouldve known better

what makes you think

that i would forget about you
think about it
who comes to see yah
every saturday and monday
I was on the reciver

its me
your girl
light your world
my family and friends
they just dont understand
say i should leave you alone
but i say they should leave us alone

dont you get it
Ive never ever cheated
Ive never ever lied
so you can stop asking
asking me why
why i never left you
and why i kept it real
and why im still with you

you shouldve known better
then to think i would leave
you shouldve known better
then to doubt me
it dont matter if your up
matter if your down
either way im gunna be around

shoulve known better
i would stay by your side
shoul
