Who the hell are you and why are you talking to me  
IÂ'm not worth your time  
Who the hell are you and donÂ't bother talking to me  
YouÂ're not worth mine  
How stupid was I  
How foolish was I  
How stupid was I to fall in love with you  
YouÂ're not worth my time

I used to watch you as you walked by  
I lusted after you and the wonderful image you  
displayed  
You were a golden fairy-tale prince  
Far too good to be true  
When finally you noticed my pathetic attempts to  
capture your time  
You made me feel wanted, special because you  
deemed me worthy of you

Your eyes wandering over my body made me smile  
I didnÂ't notice that you never looked at my eyes  
YouÂ'd hold me as if to comfort me and your hands  
quickly turned harsh  
Hard and demanding on my body  
Burning and breaking my soul  
Your lips were never gentle  
Your kisses never kind  
You always demanded so much more from me

I was always the kind to dream of what perfection  
would be  
What you gave me was dirt and filth when IÂ'd  
expected light and beauty  
I stood before you, showing you everything I had  
You uttered not a word  
Only reached for me  
You never said I was beautiful  
You never said anything  
And still I, such a fool, I still trusted you

I trusted you to make it beautiful  
Make it right

I gave you everything I had  
And you tossed it aside  
Like it didn't matter, like you didn't care

I laid under you panting, searching for something I  
knew you could give me  
Damn you, I know I'm pleasing you  
At least try to please me  
When finally you were done  
You simply rolled off of me  
Sloppily kissed my lips  
Stirring nothing inside me

Oh babe, that was great, wonderful you say  
I'm damn well pleased that it was good for you  
A voice screams inside my head  
My body rebels against his clumsy touch  
I hear my voice gently say how tired I am  
He turns away and leaves me alone and cold  
But glad, so glad that he's not touching me

I try to sleep, but slowly something dawns on me  
You are nothing compared to me  
You'll never be as strong as I am  
You are worth nothing to me  
I'm so much more than you will ever be  
Tonight I'm leaving and you'll never hear from me  
again  
Because you're simply not worth my time
