Some days I wonder  
Other days I find myself at Your feet  
Someday I slumber  
Others my heart's complete  
At 1, I'm running  
At 2, I'm crawling  
I'm still up and down  
As my heart falls short once again

Chorus  
I know that You are constant  
Steady and unchanging  
So take this broken heart  
And do some rearranging  
Cause I lose some of my senses  
When my heart's walking fences  
Lord, make me more like You  
Constantly

Some days I've got it all together  
Other days I can't find my head  
Some days I can brave the weather  
Others I'm weak instead  
At 1, I'm standing  
At 2, I fall flat on my face  
I'm still up and down  
As my heart falls short once again
