"About A Boy"

Visit "[About A Boy](#)" on MotoLyrics.com

When i was a little boy i used to be so full of joy
It was easy and life was good
The sun was up the sky so blue the only thing I had to
do
Was playing out in the woods

And no one ever mentioned work or cash
The time is over and it won?t come back

Uuuh hu I wish I was a boy
Till the day I die

When I was a little boy I used to have lots of toys
They came from mum and dad
They tried to teach me right or wrong and their love
was bright and strong
They kissed me when I was sad

Bridge

Refrain

I wanna play with cars and plastic soldiers
I wanna feel the love of mummy again

Refrain
