"The Man In My Head"

Life in this mad world is a crime
I try to stay and to survive
From Monday mornings to Sunday nights
I keep on struggling all the time

Refrain:

And a man in my head is telling me what to think of
A machine in my heart is pumping blood through my
veins

Its not allowed to leave the line
And you get hurt from time to time
From Monday mornings to Sunday nights
We try to keep ourselves upright

Refrain.

c-part:

and we love and we lie
and we fail though we try
with a tear in the eye
yeah we love and we lie
