You had your wishes but you threw them away
It made you happy yeah for more than one day
But now you're lost and cannot figure a way
To get out of this lie that comforts you
And you know that I would lie to comfort you

Renew your wishes get on out of this fray
You'll never change if you keep running away
A little time, you need to figure a way
'Cause you know it doesn't lie in front of you
And you know it doesn't lie in front of you

I need a change
'Cause it's all gone wrong for me
Somebody else to lead me now
I need a change
'Cause it's all gone wrong for me
Somebody else to lead me now
(I want) Somebody else to lead me now
(I said) Somebody else to lead me now

Brothers on the top pressing all the melodies
Never can stop 'cause it's a necessity
You like the way the northern brothers
They make ya dance
I think we're changing the sound of sweet romance
Time to party juni-hon no ude
Everybody wants to get started
Takatantan!!! Sweet sound of the shamisen
Tsugaru style if you know where they're coming from
Wouldn't it be nice if the whole world got along
Even on a small scale change is possible
We keep saying these things
Don't even know what they mean
As if we had never seen
The other end of the street
Start travelling, communicating, educating
Sing them your song
You'd be surprised how many people wanna hear what
you're saying
Apples are red,
But taste the same as green WOOO!!
