The mission's only half way done  
It's taken on a life of its own  
I wasn't sure how they'd make it back home  
I crawl when you need me to run  
I know you think that I can't cope all alone,  
but in time I can count on you there.

A little bit of time is all I want  
A little bit of luck to turn me on  
A little bit of something else all want these days

I'm falling offways  
Ain't gaining headway  
Been left here on my own  
A little bit of time is all I want  
A little bit of luck to turn me on  
A little bit of something else all want these days

It's knowin' that I had to change  
(I'm) lookin' back on all the days,  
(But) couldn't find anytime, that's the way that it is  
It's hard to say the words I feel  
(I) need to understand I'm still,  
on my own, even when you are here my by side

A little bit of time is all I want  
A little bit of luck to turn me on  
A little bit of something else all want these days

I'm falling offways  
Ain't gaining headway  
Been left here on my own  
A little bit of time is all I want  
A little bit of luck to turn me on  
A little bit of something else all want these days
