If you try to fly
I would catch you if you'd fall
And let you go

Could I hold your hands
And we could fly together somewhere
Just me and you

We'd be floating by
See you gather way up high
So pretty like

And our time will pass
And we will be together
But our past may change
And we could be together no more
Better say goodbye (yeah yeah)

I want to say

Chorus:
And when the skys begin to cloud
About the moment when the sun comes out
And you'll know the meaning
'cause I'll be there right by your side
And when the starlit sky begins to shine
(Oh) like it's never shined before
You'll know I miss you
Yeah, and I miss you

Every long goodbye
Far away from her lone nights
Can't remember you

Couldn't say your name
But I'm glad I met you (I miss you)
Was it all a dream?

Am I floating by your window
While you're sleeping
Hello, better open your eyes

But our time has passed
And we had been together
But our past may change
And we could be forever no more
Better say goodbye (yeah yeah)

I want to say
(Chorus) x 2

If you try to fly, (oh no)
You know I miss you
