I was waiting everybody knew my name
If you didn't notice everything was still the same

Because everywhere I go they're watching
Everyday I hear them screaming
Everything is building up on me
Because everywhere I go they're watching
Everyday I hear them screaming
Everything is building up on me, on me

Everybody wants to be like me
Everybody wants to be like me
Hanging on a string is never too late, because I want it I
want it
Hanging on a string is never too late, because I want it I
want it

I was waiting nothing ever came my way
Didn't even notice everything would be the same

Because everywhere I go they're watching
Everyday I hear them screaming
Everything is building up on me
Because everywhere I go they're watching
Everyday I hear them screaming
Everything is building up on me

Everybody wants to be like me
Everybody wants to be like me
Hanging on a string is never too late, because I want it I
want it
Hanging on a string is never too late, because I want it I
want it

Because everywhere I go they're watching
Everyday I hear them screaming
Everything is building up on me
Because everywhere I go they're watching
Everyday I hear them screaming
Everything is building up on me
