Give it up Give it up for me
Let's get along make my life easy
I said enough said enough indeed
I'm at a loss you out of love for me

Give it up Give it up for me
Let's get along make my life easy
I said enough said enough indeed
I'm at a loss you out of love for me

Saw you out just yesterday calculated play by play
Struck up what you'd call small talk held your hand
went for a walk
Got the number of your phone made a call but no one
home
Going crazy waiting alone wonder if I can see you
again

I'm waiting and wishing
I can't see you again
I'm waiting and wishing

Waking up at eight not noon in a hurry to see you soon
Brought some flowers to your room your mother said
you could not see me

You've had it up to here with me how could you be that
busy
She treats me bad but you know I won't give it up easily

Give it up Give it up for me
Let's get along make my life easy
I said enough said enough indeed
I'm at a loss you out of love for me

For the love For the love of me
I'll make it all worthwhile you see
Get off Give it up for me
Yeah I want it all

You could've told me yesterday that you never wanted

me to play
You gotta get me outa here gotta figure out what's
clear
Gotta figure out what's clear

Give it up Give it up for me
Let's get along make my life easy
I said enough said enough indeed
I'm at a loss you out of love for me

For the love For the love of me
I'll make it all worthwhile you see
Get off Give it up for me
Yeah I want it all
