Why do we find ourselves talkin' about
All the things that make us weaker in this turning
World
I'm not horsing around so don't take this lightly baby
Don't waste my time cause you waste my mind

I'm not a political believer, I don't have many words
To say... no... no
I'm not a humanly deceiver, I think I'm better than
That... Oh yeah
I just wanna be your redeemer... sha la la la la la
La la
Oh yeah I know that you're better than that alright so
Come on now

Why do we find ourselves talkin' about
All the things that make us weaker in this turning
World
I'm not horsing around so don't take this lightly baby
Don't waste my time cause you waste my mind

I'm not a political believer, I don't have many words
To say... no... no
I'm not a human lee deceiver, I think I'm better than
That... Oh yeah
I just wana to be your redeemer... sha la la la la la
La la la
Oh yeah I know that you're better than that alright so
Come on now

I know about the situation, I know scenarios will
Change
I know about the situation, I know scenarios will
Change
I know about the situation, I know scenarios will
Change
