You see the walls? Their breaking, changing.  
But hell it's all ok.  
The good days are passing, and you're laughing,  
Smile as much as you can...  
Look above you're trapped again, ya see the end,  
But everything will be ok...  
Ya come back to the bus stop  
Knowing that you don't got to follow that storm no  
more.

I caught a bolt of lightning.  
Put it in my pocket as a good luck charm.  
And then I started thinking...  
Maybe this piece of fire will protect me from harm.  
Sentimental journeys, are the only things that turn me  
around.

C'mon and smile for me, I know you're waiting for that  
moment  
To wash away your pain. You got to live it as much as  
you can.  
Cherish what you have 'cause someday  
You'll be gone and you might say...  
Where have they gone. But you can fix it, just give it a  
try.

You get yourself right out of bed,  
Clear your head, time for something new.  
You start meeting new people,  
And ya keep on moving ahead.  
You look at all the good stuff,  
Knowing that it's gonna be tough,  
But everything will be ok.  
Keep going, never look back again,  
Until the end, follow that storm beyond.

I caught a bolt of lightning.  
Put it in my pocket as a good luck charm.  
And then I started thinking...  
Maybe this piece of fire will protect me from harm.  
Sentimental journeys, are the only things that turn me  
around.

C'mon and smile for me, I know you're waiting for that  
moment  
To wash away your pain. You got to live it as much as  
you can.  
Cherish what you have 'cause someday  
You'll be gone and you might say...

You gotta try to get out.  
Make sure you promise.  
What you have now,  
I figure, one way or another,  
What will count is what happens.  
But you know what?  
All you need to do is smile.
