My mind is screamin 45
Cause you're still alive
These signal lights I'm running through
It's all I can do just to get to you

You know I love you
You know I hate you
You know I need you
But I just can't take anymore.

Time to take a walk out in the moonlight with my love
Cause I just can't take anymore

Oh anymore

You know I love you
You know I hate you
You know I need you
But I just can't take anymore

Time to take a walk out in the moonlight with my love
Cause I just can't take anymore

Oh anymore

American made
American made

I got my hands around your neck
I'm looking straight in your eyes
You taste the steel as you feel
If you're gonna lie
Then you're gonna die

You know I love you
You know I hate you
You know I need you
But I just can't take anymore

Time to take a walk out in the moonlight with my love
Cause I just can't take anymore

Oh anymore

You know I love you
You know I hate you
You know I need you
But I just can't take anymore

Time to take a walk out in the moonlight with my love
But I just can't take anymore

Cause Im gonna tell you
I'm gonna see through
I'll suffer for you
I'm gonna kill you

You know I love you
You know I hate you
You know I need you
But I just can't take anymore

Time to take a walk out in the moonlight with my love
But I just can't take anymore

Oh anymore

You know I love you
You know I hate you
You know I need you
But I just can't take anymore

Time to take a walk out in the moonlight with my
Love but I
Just
Can't take
Oh anymore

American made
