Rolling in that purple
Passed around in circles
Everybody's smiling
While they're dialing in the warm sun
Sit around just laughing
Hoppers always packing
Fun is always flowing
The smoke rings always blowing

Man you gotta get a taste of this
You just don't wanna miss
I can't believe
That I just met you
So long I tried to find
Something to ease my mind
I do believe
I finally found you
Plant one
Grow one
Taste one
Know one

Yeah soaking in that purple
Yeah float me round in circles
Temperature is rising
Time to cool out in the ocean
Tipping back and swaying
It's like I'm always saying
It's all in what you're rolling
It's all in how you're strolling

Man you gotta get a taste of this
You just don't wanna miss
I can't believe
That I just met you
So long I tried to find
Something to ease my mind
I do believe
I finally found you
Plant one
Grow one
Taste one

Know one
