"Burn Me"

Visit "[Burn Me](#)" on MotoLyrics.com

Here comes the sun
And I am freezing
Here comes the sun
I'm in the shade
Here comes the crime
And I'm the victim
Here comes the truth
There goes my fudge

I want your light to pain me
I want your strength to make my day
I want your beam to melt my mind

Before the dawn

Burn me

Here comes the sun
And I'm defenceless
Here comes the sun
And I undress
Here comes the joy
And I'm addicted
Here comes my healing
There goes disease
