I try to smile my tears away  
I try to keep my cool  
Oh but one more door gets in my way  
I feel like such a fool  
Trampled and bitter  
My heart just wants to bleed and stop  
Believing in me

It feels like nothing is for certain  
and that nothing comes for free  
When they're lowering the curtain  
to the theatre of my dreams  
I stumble and I crumble and I'm  
Sinking to my knees but you  
You cradle me

You keep me flying  
You keep me smiling  
You keep me safe in a crazy world  
You understand me  
Embrace my fragility  
You keep me safe in a crazy world  
And in your arms I find the strength  
to believe in me again

Noise keeps chasing me  
No matter where I go  
Oh and life likes pretending that it's  
On a TV show  
When it's hard to tell what's real  
From what the world just wants to preach  
You are the voice I seek

You keep me flying  
You keep me smiling  
You keep me safe in a crazy world  
You understand me  
Embrace my fragility  
You keep me safe in a crazy world

'cause when I'm wrapped up in your arms

Nothing else can touch me  
What a wonderful way to recharge  
I feel like I can breathe again

You keep me flying  
You keep me smiling  
You keep me safe in a crazy world  
You understand me  
Embrace my fragility  
You keep me safe in a crazy world  
And in your arms I find the strength  
to believe in me again
