Don't know what you do to me but  
Everytime I'm with you it's a natural high  
It's like re-discovering Eden  
With chocolate -coated rainbows and cotton candy  
skies  
And everytime you look my way  
I wish I had the guts to say

There's something in your eyes  
Something in your smile  
Something in the way you move me  
You make me want to sing  
Make me want to dance  
Make me want to cry  
I'm falling in love with you.

I think I'll hire Cupid  
He'll make you see I'm more than your friend

You'll be tossing and turning  
Counting the hours till you see me again  
And when we meet you'll  
Kiss my hand and say the words I've longed to hear

There's something in your eyes  
Something in your smile  
Something in the way you move me  
You make me want to sing  
Make me want to dance  
Make me want to cry  
I'm falling in love with you  
You make me want to sing,  
Make me want to dance,  
Make me want to cry  
I'm falling in love with you.
