It started out  
All in good fun  
Until I found out  
I wasn't the one

Now I'm picking up  
Anything I can find  
Sort it out  
Till I learn what's mine

I need a push  
Would you show me the way  
I need a hand  
Would you steady the weight  
Just a friendly face  
A little smile, a little grace  
I need a push

You think you got it all  
You got it made  
But nothings a sure thing  
When that feeling fades

When you're left with nought  
Not a ruin remains  
You gotta walk on  
Cause you know you can't stay

I need a push  
Would you show me the way  
I need a hand  
Would you steady the weight  
Just a friendly face  
A little smile, a little grace  
I need a push

I need A  
Take it day by day, and I need a  
Just one small act of faith  
Would you show me the way

I need a push

Would you show me the way  
I need a hand  
Would you steady the weight  
Just a friendly face  
A little smile, a little grace  
I need a push

I need a push  
I need a push  
I need a push
