"Sunflower"

Late night sunshine
Rays on my pillow
I can have this anytime
So long as she is next to me

Don't die old
Don't die old
You don't have to go down that road

Early rise to sunflower eyes
Tells me all I want to know
I could sleep for an eternity
So long as she is next to me

Don't die old
Don't die old
You don't have to go down that road

You've been that way before
You know where it goes

Don't die old
Don't die old
Don't die old
You don't have to go down that road (Road)
