THE MONROES:...PEteR puMpKIN had A TuMOr...

VERSE 1:

why dont you change everything,
who i am and what i want to be,
youve said too much...

saw myself heading straight for hell,
laughing as the dead rings the dinner bell,
tell me what the hell im suppose to do...

PRE CHORUS:

i know i beg too much,
its killing me,
i fall into this never-ending game...

CHORUS:

as i wave goodbye to my sanity,
and watch it fade into obscurity,
the burning flesh with cuts wide open,

this is not how i thought it would be,
a bloody wound filled with my broken dreams,
i wanna stay with you forever,

VERSE 2:

how do you feel when nothings real?
caught in the fire but you cant reveal your pain,
think im in love?

sold my soul when i know i should,
pretend that im here for the greater good,
think i might be better off alone...

PRE CHORUS:

i know i say too much,
its killing me,

i fall into this never-ending game...

CHORUS:

as i wave goodbye to my sanity,
and watch it fade into obscurity,
the burning flesh with cuts wide open,

this is not how i thought it would be,
a bloody wound filled with my broken dreams,
i wanna stay with you forever,

BRIDGE:

you and me and a poisoned heart,
staring for hours at a wind up clock,
wishing this day would never stop,
so long...forever...

where did all the angels go?
think they might be late for their T.V show,
maybe we should go...

CHORUS:x2

as i wave goodbye to my sanity,
and watch it fade into obscurity,
the burning flesh with cuts wide open,

this is not how i thought it would be,
a bloody wound filled with my broken dreams,
i wanna stay with you forever...
