When you live your life uptight, untrusted
But their blind from the grind but only you can see
When the bones that you own have long been dusted
You realize you're not who you're supposed to be

I've been told things get better
Isolation grind
My life is hazy, hazy, hazy
So I'm born again for the last time, for the last time

When your life was lived fully cocked and loaded
But your soul was empty through and through
It makes you realize maybe you sold it
For the dream of a lifetime or maybe two, yeah, you

I've been told things get better
Isolation grind
My life is hazy, hazy, hazy
So I'm born again for the last time

Born again
Born again
Born again
Born again

One last stand for this dying man
[Incomprehensible]
Can we get a round of sympathy
I think it's too late he was never forward or straight
Much like the one watching over me

Dizzy with greed, now you've got everything that you
need
As you cling to the one who stands second to none
Walls start to fall at the thought of it all, yeah
Poorer by day then I was at the dawn, I'm gone, take
me

I've been told things get better
Isolation grind
My life is hazy, hazy, hazy
So I'm born again

For the last time
For the last time
For the last time
