Behind the bars, can't feel the scars  
Scars that won't heal wasted potential  
Potential vaporization, incineration [Incomprehensible]  
of doubt

Burn away the sadness  
The tears evaporate, forget the forgotten  
Consumed by those who brought them  
Reality comes crawling, crawling  
Reality crawling

The wound has healed but not healed right  
It's time to open up into the air of the night  
Condescending eyes, haunting my mind  
Crawling in my mind

Lying to yourself to dull the pain  
Long buried feelings infect you again  
The time has come to exorcise  
Disinfect the lies, bad spirits arise, arise

Symbolic dreams for broken chain  
Faith-reassurance was your crutch cane  
So many things never realized  
Stand up to your now before your eyes

In a ceremony set up in your head  
You reckon with forsaken dead  
On a judgment hill, beneath the moon  
You realized you spoke too soon  
Crawling, crawling, reality crawling

The time has come to exorcise  
Disinfect the lies, bad spirits arise  
Condescending eyes, haunting my mind  
Everybody lies

Direction welcomes you  
Which inviting path do you choose?  
Crawling, crawling reality, crawling  
Condescending eyes, haunting my mind  
Everybody lies
