

Corrosion Of Conformity "Hungry Child"

Looking for answers, laughed the hungry child
Pushing your answers leave none desired

Child worship
Child worship, child worship
The hungry child worships

Spreading their cancer into uncared brains
Damaged and unoccupied, ready to train

The hungry child worships
Child worship, child worship
The hungry child worships

Powerfully twisting, words he's resisting
God he's resisting
Powerfully screaming, what is life's meaning?

Looking for answers, laughed the hungry child
Pushing your answers leave none desired

Child worship, child worship
The hungry child worships
The hungry child worships no more
