Deafining sound  
Black is the sky  
Ashes reign down  
Puritans die

\*Infinite War x3  
Overlord bring decibels of revolt

2 minutes and counting  
Kill to remember  
This war is a knife  
Which will never surrender

\* (deafining sound)

Imperial hubris  
Unholy oxymoron  
Inifinite contradiction  
Become the enemy to defeat yourself

Killswitch engaged  
Enemy sound  
Snakebit nation  
Falls to the ground

\* (deafining sound)

Infinite repitition  
Never lessen the lie  
Unless or until  
Our reasons eclipsed in denial

\* (deafining sound)
