Paralyzed alone and frightened  
Laying low so you won't be sighted  
City beast is out there prowling  
Something out there wishes you death  
Faint sounds in the alley  
You'll have to run or fight til you last breath  
Already on the way  
Lights reflect red and blue  
Rabid pack with sirens howling  
Hiss and growl of the radio  
Faint sounds in the alley  
City beast is out there prowling  
Telling the fat beasts where to go  
Rabid pack with sirens howling  
And you know they're onto you  
Already on the way
