self indulge, your own world  
of pain and lust, dirt to dust  
choose your fate, ones self hate  
sell to score, pushing whore

[CH:] X marks the eyes where life used to be  
absolution though greed  
to the fair weather family  
a vicious destructive substitute reality  
distributed with no regard  
to the lives and homes it disrupts  
cold concrete, below your feet  
wait in doubt, a small handout  
inject your pain to your vain  
infect my life you lowlife

good for nothing! good for nothing!  
it disrupts! it disrupts! it disrupts!
