Your heroes words light up the night  
Set the path that feeds my fight  
Son of god has a new face  
Destroying lives in a modern day place

Fire the faith before it's too late,  
Release the world from tyranny

Different weapons new minds are closed  
Faith with no eyes do what your told  
Two separate men but one in the same  
Two thousand years between there reign

And i will never understand,  
The desire to be led by the hand  
Your the weapon of our destruction  
Kill the people with your infection

Justice will have a new beginning,  
We will see your power ending,  
Chaos will reign, one in the same,  
We shall prevail!
