There's a man on the roof- everybody watch out  
We don't know what he'll do or what's it about  
You test your fate by going for a knife  
Next thing you know you're not alive

There's a man on the roof in rage  
There's a man on the roof in rage  
There's a man on the roof in rage  
There's a man on the roof in rage- Everybody run and  
hide!

There's a man on the roof-Everybody run and hide!  
Don't know what's it about- then just don't go outside  
his killing you with his gun  
he thinks it's all right, he thinks it's fun

There's a man on the roof in rage!  
There's a man on the roof in rage!  
There's a man on the roof in rage!  
There's a man on the roof in rage- Everybody run and  
hide!

There's a man on the roof and there's no hope  
he sees everybody out his scope  
when he sees you he tightens his trigger  
seeing his face makes him feel bigger

There's a man on the roof in rage!  
There's a man on the roof in rage!  
There's a man on the roof in rage!  
There's a man on the roof in rage- Everybody run and  
hide!

There's a man on the roof-Everybody run and hide  
There's a man on the roof-nobody's getting out alive  
There's a man on the roof and he sees is hate  
There's a man on the roof in rage!
