[Chorus:]

Blackness seeps through the cracks
Adorns the walls, turning black
I feel at times I've lost my grip
See myself and start to slip

And I ask why?
Our questions will never be answered

Awaking to another day,
Stepping forth starts this way
Soon as I see light dissipate,
Find myself in a destructive state

All these faces seem the same,
On the outside I wear my pain
I know you are not alone,
And I am not the only one

Who's gonna save me from myself,
I've been waiting here for some help
What will happen when i fail,
I await my life in hell

In this hell!

I am not alone!
