Held

My hand above the flame

Just to feel for real

Something I could

Recognize

Kicked my toe into a nail

To confuse my sense of pain

To change

The point that hurts

And I said things I didn't mean

Just to get a

Reaction

To get attention while I'm still alive

I drank some salt

Water

Not to make my thirst away

But to dry my throat some more

I hit my

Head on the wall

Not to break it

But to see how long it hurts

So I opened

Up my heart

Placed it in a danger

Now it's ripped and torn apart

And I

Opened up my door

For the outside world

Though I knew it would walk all

Over me

Keep alive

To walk all over

Heal my mind

To walk all

Over

Need some time (even if I don't feel nothing)

To walk all over
Keep
Alive (even if I Å´ve given up hope)
To walk all over me

I stared at the
Sun too long
Just to feel my eyes burn
Used a magnifying glass
To smell the
Real me
Keep alive
To walk all over
Heal my mind
To walk all
Over
Need some time (even if I donÅ´t feel nothing)
To walk all over
Keep
Alive (even if I Å´ve given up hope)
To walk all over me
