you're looking through me far beyond
take the bridge over saphyres pond
loving you can break away
like a blizzard on it's way
this is not the final end
i can take you by my hand
we can go and leave this place
for another better space
that's just enough to mesmerize
i know that i can not say why
keep me up and i'll hold you tight
we have all the world in time
this is not the final end
i can take you by my hand
we can go and leave this place
for another better space
