I don't see any further reason for running down that
hill
The bricks are laid like obstacles restocked and ready
to fill
I give up my ambition to give up everything
Exclusion is a wapon which hits harder than expected
I offer my perspectives
I wish to pull back and stay at home forever
No centre, no more eyes who look from aside
I don't belong on this stage i don't belong to them
Exclusion is a privilege, i'm happy to be privileged yes
i am.

So don't turn around
To keep these secrets beneath the ground
don't turn around
Just Step on them, dig a hole and throw them down

I don't see any further reason for running down that
hill
The bricks are laid like obstacles restocked and ready
to fill
I give up my ambition to give up everything
Exclusion is a wapon which hits harder than expected

So don't turn around
To keep these secrets beneath the ground
don't turn around
Just Step on them, dig a hole and throw them down
