The colour you choose has always been black It suits you so well that?s what she said If this enlightment i wish you well You are the tower that stands all alone but there is no bell

So give me a reason to see me through your eyes give me a reason i can hold on to hold on to

Your skin is pale like a white sheet of paper Your cold blooded alltime there is no more later Whatever i see reminds me of you

So give me a reason to see me through your eyes give me a reason i can hold on to hold on to
