As we walk into the light
That melts the blood that burns me like snow
Reaching far beneath your back
To touch the sins he never dare to sway

Sipping gushes from your love
That taints my skin and feels so poisonous
Driven by perverse desires
That tend to scratch the depth of your
Stay, no, no!

Don't let me down misunderstood
Let me down it's not so good
You've being so kind to be so cruel
Let me down miss I you
This is the way we end.

Realize we come from dust
And dust with ashes will build my love
Am I closer, farther, or
Am I distracted by your sex

Trapped like animals in hiding
No I couldn't get away,
No I couldn't get away
Couldn't get away
Couldn't get away
No, no!

Don't let me down misunderstood
Let me down it's not so good
You've being so kind to be so cruel
Let me down miss I you
This is the way we end.

Don't let me down misunderstood
Let me down it's not so good
You've being so kind to be so cruel
Let me down miss I you

Don't let me down
Let me down

Don't let me down
Let me down

I couldn't get away
No I couldn't get away
I couldn't get away
No I couldn't get away
Last time she said
No I couldn't get away
Last time she said
No I couldn't get away
Last time she said
No I couldn't get away
Last time she said
No I couldn't get away
