You like that, huh? Remember me?
Let's get rowdy, let's ride
Yeah, yeah, yo, Montell, when you walk
They be goin' to the lobby, y'all

Tell the bellman, I need some more towels up here
When you see shorty, the one that's sittin' on them 20s
Tell him in 504, she's still 'bout me, you heard?
Let's get rowdy, let's get rowdy
You know Montell's 'bout it, 'bout it, let's get rowdy
Master P's 'bout it, 'bout it, let's get rowdy

Stepped in the club after my show
You know the spot where everybody's on the low low
That's when I saw her, she saw me
She told me she like Master P an' Montell occasionally

So I laid back put a 50 in my mouth
Said, "I wanna see you shake it, girl"
'Coz that's what that 'bout it, 'bout, it's about
All the niggas in the club was jealous of me
'Coz I waited for it an' I stayed for
An' I'm damn near 'bout to pay for it

So let's ride all night
I don't doubt it, your love is 'bout it, 'bout it
An' I'm so excited, girl, I wanna ride it
Let's ride tonight
Can't do without it, your love is 'bout it, 'bout it
An' I won't deny it, girl, I wanna ride it

Now baby, what's more than incredible, she did her
thing
5 5, 146, swingin' nothin' but a G-string
Her chocolate lips an' sexy thighs
Sittin' properly up on top of me
She's ridin', ain't no stoppin' me now

She bounced back then rocked slow
Like she's auditionin' to kick it in my video
There ain't no limit to what she'd do

I'm listenin', she's whisperin' her girl wanna ride me too

Let's ride all night
I don't doubt it, your love is 'bout it, 'bout it
An' I'm so excited, girl, I wanna ride it
Let's ride tonight
Can't do without it, your love is 'bout it, 'bout it
An' I won't deny it, girl, I wanna ride it

She's movin' up an' down
An' round an' round tonight
She's movin' up an' down
An' round an' round, let's ride

See us soldiers do it wild, I could make you smile
Make my nine go pow, put on your boots, let's run some miles
Camouflage on them sheets, make that headboard squeak
Up an' down 'til you weak 'coz us thugs like a freak

Sixty eight will be my code if you 'bout it, girl, let's roll
I told you was no limit 'coz tonight, anythin' goes
Anythin' goes, let's roll, lemme help you take up off your clothes
Give me a preview before an' the rest after the show

Thug love mixed with cream, Hennessey, strawberries
an' Moet
Champagne, Mo' in the bath havin' a hot tub
Drop a foot off a oriental rug
Can't get enough, you on top of me, me on top of you
Do what you want to this thug, girl, ain't no stoppin' you

Let's ride tonight
Can't do without it, your love is 'bout it, 'bout it
An' I won't deny it, girl, I wanna ride it
Let's ride all night
I don't doubt it, your love is 'bout it, 'bout it
An' I'm so excited, girl, I wanna ride it

Let's ride tonight
Can't do without it, your love is 'bout it, 'bout it
An' I won't deny it, girl, I wanna ride it
Let's ride all night
I don't doubt it, your love is 'bout it, 'bout it
An' I'm so excited, oh, girl, I wanna ride it
