Blowin' out spring break  
With your not right friends  
Wake up on the beach  
With new ink on your skin

Do somethin' crazy and dumb  
While you're still young

Go on and tie the knot  
Start a new life  
Take turns gettin' up  
When the baby cries

Living on nothin' but love  
While you're still young

Life is too short to put it off anymore  
You gotta live it before  
It's too late  
I can't turn that clock back around  
Oh, what you're dreamin' about  
You better do it now, don't wait

You give 'em your two weeks  
At the dead end job  
And do what you love  
Be your own boss

Do what they say can't be done  
While you're still young

Life is too short to put it off anymore  
You gotta live it before  
It's too late  
I can't turn that clock back around  
Oh, what you're dreamin' about  
You better do it now, don't wait

Don't wait

Take the gold watch  
Sell everything  
Throw a dot at the map  
Hook up the Airstream

Ride into that setting sun  
Do something crazy and dumb  
While you're still young

While we're still young

You're still young
