There's one thing that I've learned in this life  
The only thing sweeter than the laughter of friends  
Is the smile of a woman when you do a little something  
To please her now and then

I like the nightlife but I don't wanna be  
One of those slouched over in the corner guys  
Looking for the game that don't come here no more  
Sleeping alone at night

I look a little rough but I got faith  
That I still can change

But I'm no angel  
Just lucky that I found one  
And I never wanna see her  
Slowly flying outta sight  
Now I'm not trying to preach it  
But buddy I believe it  
If you wanna keep an angel  
You gotta learn to fly right

Oh, it goes without saying  
That I've never been the kinda fella who'd walk away

Fom a good time bar fight  
Late night party at a stranger's place

Thing is that a woman walked into my life shining  
Maybe I'm just bathing in her light  
Yeah, I know she deserves someone better than me  
And I'm trying to be that guy  
Truth is this is all new to me  
I guess it outta be

But I'm no angel  
Just lucky that I found one  
And I never wanna see her  
Slowly flying outta sight  
Now I'm not trying to preach it  
But buddy I believe it  
If you wanna keep an angel

You gotta learn to fly right  
If you wanna keep an angel  
You gotta learn to fly  
You gotta learn to fly right  
Learn to fly right
