Everybody's talking saying this will never last
Trying to see the future, judging me by my past
Well, I've always been a sinner but I've never claimed
to be
Anymore than what I am, what you get is what you see

I've always had a wild side
I've always stood just a little outside the lines
Living on the edge out of control
Too hard to handle, too free to hold
Too hard to handle and just too free to hold

Well, I ain't no urban cowboy
I ain't no country plow boy I'm a music man
Got a whole lot of southern pride
A whole lot of rowdy friends

I've got whiskey on my breath
A big heart in my chest I won't let you down
Well, I'll stand up and fight
Lay down and die for the love I've found

I've always had a wild side
I've always stood just a little outside the lines
Living on the edge out of control
Too hard to handle, too free to hold
Too hard to handle and just too free to hold
Too hard to handle, too free to hold
