"Every day kind of thing"

Visit "[Every day kind of thing](#)" on MotoLyrics.com

I've got a new solution
To an everyday kind of thing
Your lips are gettin' old now
Think it's time to end this fling

Oh, I don't love you anymore
You go around (and play your games all day)
Oh, I never loved you stupid whore
Now I can see (not gonna be blind today)

Went out to see the city
With my pretty little valentine
Pays no attention to me, but I'm
Wrapped up in her thorny vine

Oh, I don't love you anymore
You go around (and play your games all day)
Oh, I never loved you stupid whore
Now I can see (not gonna be blind today)

I've got a new solution
To an everyday kind of thing
And it's a great big fuck you!
(For the love you never bring)

Oh, I don't love you anymore
You go around (and play your games all day)
Oh, I never loved you stupid whore
Now I can see (not gonna be blind today...huh!)
