Yeah, stop was what you said
'Cause we thought I was moving farther
But what you said then stopped me dead right in my
tracks
And nowhere was where I was heading
'Cause you thought that I felt nothing at all
And I tried to push it to the max
Now don't try to tell me
I never felt anything at all
I know you have screwed me over once before
And I see the mask you're wearing
And it's inscribed with fake and everything else
Your deep end is shallow, don't jump in anymore
Now why am I the one to say I'm always sorry?
And you've heard this all before...
Why...am I the one to say I'm always sorry?
Why...am I the one to say I'm always wrong?
You...always stop and wait for stupid sorrys
Now...I'm singing just a useless song
Yeah, I can't take the fact that I'm sitting here
Wondering what to say to you
In a daydream hazy then it comes through
And I say, your sorry eyes put me into a trance
But I pick myself up and give it a drum before you get a
chance
Makin' a little mess just like a door with no key
That special room downstairs, just leave it let be, word!
Now why are you the one to say you're never sorry?
And we've heard this all before...
Why... am I the one to say I'm always sorry?
Why... am I the one to say I'm always wrong?
You... always stop and wait for stupid sorrys
Now...I'm singing just a useless song
And I'm singing just another one of these stupid
songs...
Shut up!
Why... am I the one to say I'm always sorry?
Why... am I the one to say I'm always wrong?
You... always stop and wait for stupid sorrys
Now...I'm singing just another one of those stupid
songs
And now I'm done...
