La, la, la-la-la-la, la-la-la-la-la  
La, la, la-la-la-la, la-la-la-la-la  
Can you feel the flames tickling your toes when it's late  
at night?  
That's how you know she's on the attack  
Do you wake up wincing in pain cause you didn't sleep  
quite right?  
That's the knife she stuck into your back  
Every day you tell yourself you'll stop yourself from  
doing this  
Every day you'll find you just can't...  
Well, she told us everything we wanted to hear  
Oh, and watch out man now, she's whispering in your  
ear...  
Sweet nothings are all we are in her eyes  
So don't be fooled by her beautiful lies  
You'll just get trapped in hell with us down here  
Cotton Candy coating on a toxic little pill  
That's what her breasts are to her soul  
But that's your favorite food and you keep eating your  
fill  
You think it's all in your control  
Stupid we were thinking the same thing when we were  
in your place  
Stupid you'll be too when she bites back...  
'Cause she told us everything we wanted to hear  
Oh, and watch out man now, she's whispering in your  
ear...  
Sweet nothings are all we are in her eyes  
So don't be fooled by her beautiful lies  
You'll just get trapped in hell with us down here  
Well, she told us everything we wanted to hear  
Oh, and watch out man now, she's whispering in your  
ear...  
Sweet nothings are all we are in her eyes  
So don't be fooled by her beautiful lies  
You'll just get trapped in hell with us down here  
Sweet nothings, do you love me?  
Sweet nothings, come and hug me  
Sweet nothings, do you tell me everything?  
La, la, la-la-la-la, la-la-la-la-la
